

East Coast Indoor Dirt Nationals Competitor:

It's been almost three years since we hosted the East Coast Indoor Dirt Nationals and then shortly after the world shutdown due to Covid.

Please review the Racer Information Packet, which covers Pit Passes, Trailer Parking and pit space inside the building / tents and the event schedule.

Thursday's practice is included with your pit pass. Anyone that plans to come down and unload on Thursday we encourage you to practice as well. Thursday night's practice is a bonus for you and helps us get a feel for how the track will play out. At the conclusion of Thursday's practice we will have a welcome party at Chickie's & Pete's in Bordentown, NJ.

PIT PASSES - The minimum age for pit access is 14 years old. Trenton is a tight, hot pit, much different than Atlantic City's large garage area. However, we understand that people are traveling with children under 14.

To accommodate team members under 14, we will allow each team the ability to purchase one under age pass at the standard pricing. These passes will be marked and separate from the regular pit passes, once practice begins each night, anyone with an underage pass must go upstairs to the main seating area. Anyone caught in the garage area when the track is hot, will have their wristband removed and lose access for the rest of the weekend.

Access to these passes must be requested in advance by e-mailing us at indoorracing@aarn.com. Please work with us on these passes, as we are regulated by the State of NJ and are trying to do our best to understand and accommodate everyone, while meeting your requirements.

Trailer parking and marshaling will be the same procedures as 2020. You will report to Lot 4, noted on the map and be given a marshaling card and number. We will not give out any cards until 10am on Thursday, trailer unloading won't start until 12pm.

We will send you in groups by your marshaling number over the Arena / Lot 2. Once at the arena you will unload all your necessary equipment and move to your parking spot for the weekend. Please work with my staff and your fellow competitors on parking spots. Each spot is marked and we don't have extra spots, so every spot must be used! Bring only what you need! The trailers aren't far away and you can go back to them for extra items or to restock.

If you have a multi-car team that is sharing tools and equipment that require you to pit together. Please e-mail us in advance at indoorracing@aarn.com to let us know how many cars are traveling together. Please note, not all requests will be granted.

The lot where you unload your trailer (Lot 2) is a paid parking lot controlled by Mercer County. Your truck and trailer parking in Lot 4 is included with your entry. If you want to park in Lot 2, you will be charged \$10, the same fee as the spectators would pay to be in that lot. Once it's full, if you don't want to pay I suggest parking around the trailers in Lot 4 and walking back to the arena.

Before entering the garage area everyone must purchase their pit pass and sign the insurance waiver. We will also be inspecting cars as you enter the garage area, if you pass inspection you will be able to get fuel right away to avoid that step. All cars must run Methanol purchased from VP at the event, arrive with **EMPTY FUEL TANKS!**

Practice on Thursday will start at 5pm and run until 8pm. The plan is for 2-3 rounds of practice.

Thanks again and please let us know if you have any questions.
