TRAILER PARKING & UNLOADING PROCEDURE

On Friday morning starting at **8:00am** we will send the first group of trailers from the **Allentown Fairgrounds** to the PPL Center. You must have a numbered window placard to unload at the arena! Anyone without that placard will be sent back to the lot.

Directions to the PPL Center from Fairgrounds:

- Exit the fairgrounds on to Liberty Street, make a right on Liberty.
- Turn right on 17th Street, follow 17th Street to Hamilton Street, Route 222.
- Turn left on Hamilton St. follow to 8th Street
- Turn left on 8th Street and unload as per instructed.

UNLOADING AT ARENA - All trailers will be unloaded on 8th Street.

Police and Indoor Staff will be there to direct you where to park, please listen to all directions.

- From the time you drop your trailer door you will have **10 minutes to unload** your car, tires and all tools and parts on the side walk that you wish you bring into the arena. We have 100 cars to unload, time will be kept and penalties issued for time violations.

- During unloading you will need two people, someone to stay with your equipment and someone to stay with the truck and trailer. **Do not leave your truck and trailer unattended!**

Once everything is unloaded to the sidewalk we need the driver of the truck to leave to open space for the next trailer. **Anyone that exceeds their time limit for unloading will be penalized first with practice time and then with time trial or heat race starting position.**

DO NOT MOVE YOUR EQUIPMENT TO THE PIT AREA UNTIL THE TRAILER HAS LEFT.

- As soon, as you are done unloading, your truck and trailer will be sent to back to the fairgrounds to be stored during the event. We will have a shuttle available during the entire show if you need to run back to the lot for spare engines or parts. If you need this service, stop at the black sign-in trailer off 8th street.

We strongly encourage you to only bring what you need into the arena, space is limited and the more you unload the more you have to load back up at the end of the event!

DIRECTIONS FROM UNLOADING ZONE TO TRAILER PARKING LOT

- After unloading your equipment follow 8th street down to Linden Street.
- Turn left on Linden Street and follow this for 1.5 miles.
- Turn right on 17th Street and follow to Liberty Street.
- Turn left on Liberty Street and enter the Fairgrounds through Gate 8
- Gate 8 of the Fairgrounds will show as N. St Cloud St.
- Follow indoor staff directions once on fairgrounds. Trailers will be parked in the infield.

SHUTTLE - We will be running a vehicle back and forth to return you the PPL Center. It will also be available during the event if you need something from your trailer. Go to the black sign-in trailer on 8th street if you need a ride.

AFTER THE EVENT ON SATURDAY NIGHT - You will leave your trailer at the Fairgrounds lot over night on Friday. At the conclusion of the event on Saturday, you will once again be marshalled back to the arena to load up.

If you are eliminated or have issues during the night on Saturday and would like to leave early, you may do so at any time. After the event is over, we will send trailers in groups to avoid over congestion on 8th Street. If you are staying over night at the Americus you can return to the Fairgrounds to store your trailer Saturday night.

PARKING DURING THE EVENT - When you arrive to unload you will notice there is construction going on across the street from the arena on 8th street. This will make loading and unloading more congested, but also the parking lot across from the arena that many people used to park in is now gone.

The Spiral Deck garage is still an option or there is a flat parking lot on 7th street on the opposite side of the arena. Tow vehicles can be left hooked up to the trailer at the Fairgrounds.

PIT PASSES / PIT PARKING -

Pit passes will be available on Friday starting at 8:00 am. You may purchase a weekend pass for \$80 or a Saturday only pass for \$50. Before you move your cars and tools off the street into the parking garage, please go to sign in trailer and get your pit pass. The sign in trailer will be located off of 8th street where you unloaded. You will not be allowed into the garage area until you have a pass.

All pit parking spots will be 7 x 9 foot. In this area you must be able to put all of your equipment. **Please do not bring a pit box larger than the parking spot. It will not be permitted.**

Only registered cars with a confirmed driver will be allowed in the garage area. No spare cars.

Space is extremely tight in the parking garage.

Food and beverage will be available at the adjoining restaurants and on the concourse. Tim Hortons on Hamilton Street will be open at 8am for coffee and breakfast. As is the case at other facilities, you will be limited in what you can bring into the building and any form of alcohol will not be permitted in the garage area at any time. These are building regulations that must be met.

Please clean up your pit area each night and throw trash in the trash cans that the arena will provide. Please leave the area clean, so that we may return again next year. The parking garage as we have mentioned numerous times is a shared lot with the hospital and must be back in operation Sunday morning. If the event is to continue, we must be good tenants. Do not dump oil, anti freeze or anything on the ground and clean up after yourselves.

During afternoon practice you'll be limited to where you can watch from on the concourse, do not climb over seats or push open air walls. Once the building is open to the public, all tickets are reserved. We have pulled sections 201 and 202 for those with pit passes. You'll also be allowed in standing room areas.

ALL CARS MUST ARRIVE WITH EMPTY FUEL TANKS!

Roadrunner Race Fuels will be servicing the event this year for VP Racing Fuels. C12 Racing Gasoline, Methanol and C9 Gasoline will be available.

Roadrunner Race Fuels is cash only. Please plan accordingly.
